With the kind support from Past Master Will Sibley and Nick Dunn, of Frank P. Matthews Nurseries, we have 3 bundles of apple and pear trees available to Liverymen to purchase and donate to a location of their choice. The trees will be delivered with planting and aftercare instructions, together with an instructional video as well as stakes and ties. In addition the package includes a plaque with the Fruiterers logo and space for liverymen to be acknowledged for their gift. A limited number will be from organic nurseries grafted on semi-vigorous rootstocks. The proceeds will go to the Fruiterers Charitable Funds.
